Scar Revision Aftercare Instructions

You should wash the area with mild soap and water.

Apply Vaseline as needed.

It is important to attend all of your followup visits. These have been scheduled by the clinic. You will be seen at one week post procedure for suture removal and four weeks after that for another followup visit.

GENERAL INSTRUCTIONS

IF YOU HAVE ANY URGENT QUESTIONS ABOUT FEVER, FLUID COLLECTION, NEW REDNESS, POSSIBLE INFECTION, ETC., PLEASE TEXT DR. CAMP 612-208-4179.

If you have general questions about recovery or followup appointments, please call or text the office: 612-424-2767 or scheduling@echelonspecialists.com.
